

Easy and Secure Rescheck Web Log in. Instructions below.

Login to Rescheck Web easily and securely.

Today on the Reschexpert blog we want to discuss a common question we get asked every day via email and by phone. How do I log in to the Department of Energy's Rescheck Web online Rescheck creation portal? So we created a simple tutorial to show you how to log in easily to create your Rescheck. DIY Rescheck creators and at home Rescheck how to enthusiasts alike will benefit from this easy to use Rescheck login tutorial.

Your first step is to navigate to the this link. <https://energycode.pnl.gov/REScheckWeb/#/login>

The screen will look like this

[caption id="attachment_6838" align="alignnone" width="1280"]

Rescheck Login[/caption]

Once you arrive to that screen you have 3 concrete options that you can choose from.

First you can enter your email and password if you have an account. Then click Login. This will take you to your existing projects.

Second you can register for an account. The screen will look like this when you register for a new Rescheck creation account

[caption id="attachment_6839" align="alignnone" width="1280"]

Register for Rescheck Login[/caption]

Once at the Register for Rescheck Login page simply enter an email address, confirm you email address, and then enter a really hard to guess password so that someone does not try to hack in to your Rescheck Web online account and create Reschecks.

Finally, after you have not logged in to your Rescheck account for a while and have forgotten your hard to guess password you can click Forgot Passord? in the lower left hand side of the screen of the Rescheck Web Login page. This will allow you to enter the email address associated with your account a retrieve your password.
